

FOLIO

THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON, ALBERTA

DECEMBER 11, 1975

BOARD OF GOVERNORS

The Board of Governors and its Executive Committee met on Friday, December 5, 1975.

University Mixed Chorus

Approval was granted by the Board to a request from The University of Alberta Mixed Chorus for a grant of up to \$1,490 to help offset expenses for the Chorus' 1976 Spring Tour. The Mixed Chorus also received a grant in the amount of \$1,400 from Alberta Culture. Board member Jean Forest acknowledged the Mixed Chorus as one of the best ambassadors for the University. Approval was unanimous.

Temporary Housing Units

The Finance Committee indicated that a report had been received from the Students' Union on the Temporary Housing Units Experiment conducted in August and September. Actual expenditures of the project were \$5,760; total revenues were \$9,261, including the Board grant of \$8,500. Reconciliation of the balance of the grant between the University and the Students' Union is being finalized. J.L. Schlosser, Chairman of the Finance Committee, commented that the experiment demonstrated a real need on the part of students attempting to find accommodation at the beginning of the academic session. He suggested that next year the University should deal with this need and that perhaps the Garneau Houses could be considered for this purpose.

University Health Service

The Finance Committee reported that it had reviewed the utilization of the University

Health Service by Non-Academic Staff from October 1, 1974 to September 30, 1975 and is satisfied that the program is being carried on without disruption of normal services and at no additional net cost.

Parking and Traffic

The Board Building Committee reported that it had approved a summary statement of the Long Range Development Plan Transportation Planning Policy. In many respects the statement may be viewed as points from or clarifications to the University's Long Range Development Plan and will be useful input to the Joint University Area Transportation Study. The summary statement consists of the following:

- (a) No additional development of new or existing major roadways through greater campus lands.
- (b) The provision of City ring and penetrator roads and by-pass alternate routes to reduce through traffic in the University area.
- (c) The ultimate elimination of through traffic penetrating greater campus lands.
- (d) A peripheral traffic route around the greater campus lands with radial access to parking structures and parking lots.
- (e) The retention of Saskatchewan Drive from 110 to 116 Street and of 111 Street from Saskatchewan Drive to 87 Avenue as essentially residential standard streets on an as-is basis. In the long run it is possible that 110 Street should take the traffic from 111 Street should the latter become campus building expansion space.
- (f) The transition of the internal campus area into a pedestrian oriented area but accommodating the need for internal campus service and emergency vehicle routes, and bus transit service on 89 Avenue.
- (g) Any immediate increase in University parking stock to occur in the south and/or east campus area.
- (h) The maximization of public transit service and use, and the provision of rapid transit as a long-term solution to some transportation problems as part of a balanced transportation system.

(i) That no roadway will be developed across the Edmonton Research Station (University Farm) in the vicinity of 60 Avenue between 113 and 122 Streets.

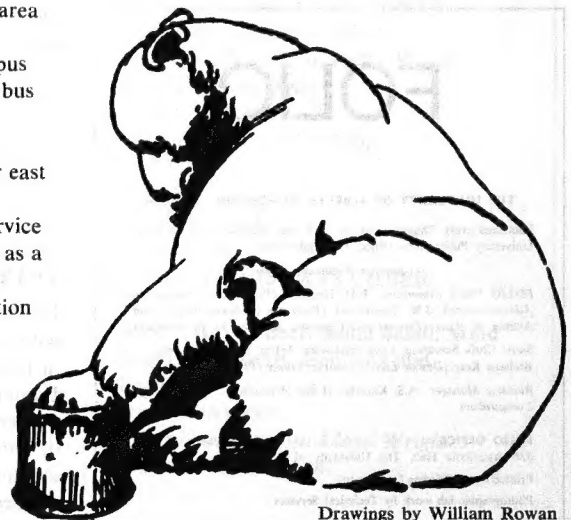

(j) Continuing liaison between the City, University Hospital and University in planning and developing transportation facilities.

Services Corridor: Health Sciences Centre

The Board approved the recommendation of its Building Committee to appoint prime consultants for two portions of Phase VIII of the Services Corridor to run from the southeast corner of the Clinical Sciences Building to the southeast corner of the South Power Plant. Construction of this corridor will be conditional upon the provincial government's approval of the Health Sciences Redevelopment Proposal. So far planning funds only have been provided for this project.

Appointed as prime consultants were B.W. Brooker Engineering Limited, with R. Kerr acting as principal in charge, for the structural shell portion, and Winkelaar, Howard and Associates Limited, with J. Winkelaar as principal in charge, for the mechanical and associated systems.

It is expected that design drawings and specifications will be completed by March 30, 1976. Completion of the project will provide utility services to the south portion of the Health Sciences Centre area and will increase power distribution reliability by creating a second feedout from the South Power Plant.

Drawings by William Rowan
Courtesy The University of Alberta Archives

Business Administration and Commerce Building Plans Approved

The Board Building Committee reported that approval had been granted for the proposed Business Administration and Commerce Building Phase II Report. Phase II is the design development phase in which a schematic design is developed from the preliminary concept. Authorization has also been given for the project to proceed to Phase III, working drawings. Questions raised over the site of the building when the report was first introduced in February 1975 have been thoroughly reviewed and a site just south of Tory Building has been confirmed.

University Services Building Detailed Program Approved

The Board was informed that approval had been given by the Building Committee to a detailed program developed for University Services Building I-II and that authorization had also been granted for the project to proceed to Phase II, design development.

This project constitutes stage II of the University Services Building presently under construction. The space being provided was included in the original program for the total facility but was subsequently deleted because of budget constraints. Provision of this space will consolidate the space requirements of the Department of Physical Plant by housing the administrative, supervisory, and trades personnel in one facility, thereby increasing the efficiency and effectiveness of the Physical Plant operation. It will also permit the consolidation of planning, design, and construction offices of Physical Plant and the Campus Development Office.

NATIVE AFFAIRS ADVISOR APPOINTED

Marilynne Buffalo MacDonald has been appointed advisor on native affairs, a position created in November by the Board of Governors. The majority of her work will be in two areas: working with the students who are attending University and those who may wish to attend, and maintaining a liaison between the University and native communities.

In order to assist native students, Ms. MacDonald will work with University offices such as Student Counselling, Student Health, Student Awards, and the student services of individual faculties or schools to fill any gaps found by native students. In order to reach potential students, it is expected that she will work closely with the high school liaison division of the Registrar's Office.

Ms. MacDonald thinks of the University's resources as immense and that they should be made available to native groups and communities. In establishing a liaison with these groups and communities, she hopes to make them more aware of the resources as well as making the University aware of the resources to be found in the native community at large. Here, the emphasis is not only on making the native people aware of the information fund at this University, but making the University aware of the native community and what it has to offer. Ms. MacDonald would also like to establish groups of interested native people on campus, be they students, non-academic staff, or professors. Her work with a number of native and metis groups has brought potential to the position she has just accepted. It is now up to the people of the University to make it a success.

LILLIAN M. JENNETT 1915-1975

Lillian M. Jennett, for many years the only women's washroom attendant on campus, died in Edmonton, December 1. Coming to Edmonton from a farm in Saskatchewan, she was employed by the University in November of 1960. She became well-known to female employees through her position servicing washrooms and she was closely tied to her family, turning down supervisory work as it

would have disrupted family life. Predeceased by her husband, she is survived by one daughter and two grandchildren.

FACULTY HANDBOOK

The following has been received from B.H. McDonald, Secretary, Board-AASUA Committee on the Faculty Handbook:

In 1973 the joint Board-AASUA Committee to review the Faculty Handbook was established. Since that time some twenty-five formal meetings have been held in an attempt to draft a revised Faculty Handbook. This comprehensive review has now reached the stage where a complete first draft of a revised document has been prepared. It is now being sent to the solicitors for both the Board and the AASUA for their review and advice. It is expected that a revised draft would then be prepared and copies distributed to all members of the constituent bodies, i.e., the AASUA and the Board. It is expected that this distribution will take place in early January, 1976. The document is subject to ratification by both the Board and the AASUA. It is hoped that the ratification process will be completed to enable the implementation of the revised document by July 1, 1976.

The Handbook Committee is also involved in the review of the Handbook regulations as they affect professional librarians and in the review of regulations governing Administrative and Professional Officers.

PEOPLE

- W. Vanden Born, Chairman of Plant Science, attended the Asian-Pacific Weed Science Society Conference in Tokyo from October 12 to 19. Before returning to Edmonton, he was among a group of twenty who visited the Asian Vegetable Research and Development Centre in Taiwan and the International Rice Research Institute in the Philippines.
- Z. Kondra, Associate Professor of Plant Science, will be going with a Trade Mission to Egypt, Iran, and Iraq from November 26 to December 12. The Trade Mission is sponsored jointly by the Rapeseed Association of Canada and the Federal Department of Industry, Trade, and Commerce.
- Leslie Bella, Lecturer of Recreation Administration, presented two papers, "Social Science and Public Policy" and "Indicators of Quality of Life—A Citizen's Viewpoint", at the Social Science Research Council of Canada Conference held in Ottawa from November 20 to 22.
- C.M. Rodkiewicz, Professor of Mechanical Engineering, addressed the annual meeting of

the Men's Association at the Holy Rosary Church in Edmonton as invited guest.

■ Douglas Parker, Associate Professor of Elementary and Secondary Education, was one of the participants at the invitational Conference on Immersion Programs in French as a Second Language, sponsored by the Secretary of State in Montreal, from November 20 to 22.

■ Alice Trottier, Professor of History at Collège Universitaire Saint-Jean, has been selected to receive the Women's Year Award initiated by the City of Edmonton to honor persons recognized for their contributions toward answering women's needs and aspirations.

■ Carol Boyd Reed, Sessional Instructor of Household Economics, has recently completed a one-woman show of drawings, paintings, and woven textiles in the Gardner Art Gallery at Oklahoma State University and is now showing a series of recent drawings in the Staff Lounge, tenth floor, Education Building.

VISITORS

■ O.L. Broadhurst, University of Birmingham, England, conducted a series of seminars on Behavior-Genetics, for the Centre for Advanced Study in Theoretical Psychology from November 17 to 21.

■ Frank Spraggins, Chairman of the Board of Syncrude Canada Limited, spoke to the students and Faculty of Law on the topic of "Energy—Canada's Future Concern" on November 20.

NOTICES

NASA HAPPY HOUR

The Executive of the Non-Academic Staff Association has arranged a "happy hour" on Friday, December 12 from 4:30 p.m. to 8:30 p.m. The event will be held in NASA House, 11046 87 Avenue. During the evening, four members of the Association will receive twenty-year membership pins. All members of the Non-Academic Staff Association are encouraged to attend.

BUDDHIST LECTURE

A free public lecture entitled "The Tibetan Buddhist Path" will be given on Friday, December 12 at 8:30 p.m. in the VIP Room of Lister Hall. The lecture will be given by John Baker, a senior student of Chogyam Trungpa, Rinpoche, formerly Abbot of Surmang Monasteries, in Tibet and founder of Naropa Institute and Vajradhatu Association of Buddhist Meditation Centres at Boulder, Colorado, and author of numerous books and

M. Gulutsan, Director of the Division of East European and Soviet Studies, addresses a gathering at the opening of the Division, November 21. Participating in the program were (from left to right): A.E. Hohol, Minister of Advanced Education and Manpower; Mary Lobay, Chairwoman, Edmonton Historical

Board; J.R. McGregor, Dean of the Faculty of Graduate Studies and Research; and M. Horowitz, Vice-President (Academic). A number of representatives of East European ethnic communities as well as students and faculty attended the ceremonies.

articles on Buddhism.

Mr. Baker will conduct also an intensive weekend seminar consisting of lectures, discussion, and meditation on Saturday and Sunday, December 13 and 14, beginning at 9 a.m. in 18 Lister Hall. The subject of the seminar will be "The Three Yanas: Hinayana, Mahayana and Vajrayana." Seminar admission fee is \$15. For further information, phone 432-3489 or 436-2582.

HOLIDAY POOL HOURS

During the Christmas vacation, the weekday hours of the swimming pools will be extended. On December 22, 23, 29 and 30, there will be adult swimming from 12 noon to 1 p.m. and from 4 p.m. to 5 p.m.; family hours on these days are from 1 p.m. to 3 p.m. and from 7 p.m. to 9 p.m.

On Saturdays and Sundays, December 27 and 28, and January 3 and 4, normal operating hours will be in effect (2 p.m. to 5 p.m. and 6 p.m. to 9 p.m.), with family swimming from 2 p.m. to 4 p.m. and from 6 p.m. to 7:30 p.m.

The pools will be closed all day December 24, 25, 26, and 31, and January 1 and 2.

LIBRARIES CHRISTMAS HOURS OF SERVICE

Effective Monday, December 15 to Sunday, January 4. Normal library hours for the second term will resume on Monday, January 5.

All libraries closed

POSITION OF PRESIDENT, UNIVERSITY OF MANITOBA

The following notice was received by telex from the University of Manitoba:

The University of Manitoba invites nominations and applications for the position of University President with effect from July 1, 1976. The criteria to be used in reviewing applications and nominations are satisfactory academic background, ability to effectively and openly communicate with the various publics of the

University, a record of administrative competence, and strong leadership qualities.

Applications or nominations will be received in confidence until December 15 and should be addressed to the Chairman of the Advisory Committee for the Selection of a President, University of Manitoba, Winnipeg, Manitoba R3T 2N2. Telephone (204) 474-8174.

BOREAL CIRCLE

The third meeting of the 1975-76 Boreal Circle series of the Boreal Institute for Northern Studies will be held on Tuesday, December 16 at 8 p.m. in the fourth floor Lounge of the Biological Sciences Building (CW 410). This will be a film night featuring the following films on Canada's north: "Canol Road," "Trial by Ice," "The Loon's Necklace," "The Owl and the Lemming," "Eskimo Artist—Kenojuak," and "Pangnirtung."

RICHARD EATON SINGERS

On Saturday and Sunday, December 13 and 14, the Richard Eaton Singers, conducted by Larry Cook of the Department of Music, will perform "Magnificat in D" and "Christians be Joyful" by J.S. Bach, and "Fantasia on Christmas Carols" by R. Vaughan Williams. The concerts will take place each night at 8 p.m. in All Saints' Cathedral. Tickets are available from the Music Department, the Cathedral Box Office, Mike's, members of the Richard Eaton Singers, or at the door.
